

Multi-coin operated control unit for photocopiers

Flexibility, simplicity, robustness make it ideal for the sale of self-service photocopying

Designed to be connected on all brands of copiers, the versatility of the **CM4000** assures you a **profitable and flexible investment regardless of the choice of equipments.**

The **CM4000** coin mechanism will facilitate the profitability of your copying equipment by its reliability in intensive self-service use.

The CM4000 benefits

- ✓ Allows 2 levels of rates.
- ✓ Gives clear information of the remaining credit to the customer.
- ✓ Supports 8 different coins.
- ✓ Supplied with a key allowing free copies.
- ✓ Standard printer link for printing of selling statistics.
- ✓ Manages up to 4 copy formats (A4 / A3 / B&W / colour) usable on adapted copiers only.
- ✓ Can be installed either on the copier front face or on an optional pedestal (see overleaf).

Operation

Inserting coins causes money credit then the number of copies to be displayed.

Copies are taken by pressing the "copy" key on the copier (if the credit is sufficient). The digital display counts each copy made.

It is not necessary to insert coins at each copy.

Setting prices and statistics

The **CM4000** has programming keys allowing the selling prices of the copy formats to be set, and possibly decreasing tariffs.

The sales statistics are also accessible by the programming keys and displayed (or printed by means of the optional printer):

- ✓ the total turnover,
- ✓ the number of copies for each format,
- ✓ the selling prices.

An optional cover with lock allows the cash-box, located inside **CM4000**, to be locked. The staff in charge of collection will proceed only by exchanging boxes without having access to the cash.

CM4000 pedestal

- ✓ The **CM4000** pedestal is an interesting optional equipment as it enables the coin mechanism to be perfectly steady, at the correct height and the best place.
- ✓ Thanks to this equipment independent of the copier, the technician will have an easier installation as well as a better accessibility for copier service.
- ✓ **CM4000 fitted** with a pedestal (height 80 cm).

Specifications

- ✓ Dimensions: Height 380 mm ; Width 280 mm ; Depth 100 mm
- ✓ Weight (empty): 7,5 kg
- ✓ Options: - Pedestal: Height 420 mm ; Width 280 mm ; Depth 300 mm (base),
- Cover for cash box
- ✓ 8 characters LED display.
