

Creation and reload of Gespape accounts for the payment of copies and prints

The CR10STD system is an optional equipment of the Gespape solution, it is connected to the server via a TCP/IP network. It enables GESPAGE user accounts to be both created and reloaded.

In a Gespape environment, registered users can reload their account **by coin and/or banknote** according to the model.

Users are identified by entering a Login / Password from the touchscreen or by passing a contactless or an ISO magnetic card according to the integrated reader.

For new users of the service, the **CR10STD** creates a Gespape account associated with his identification card.

This account gives the user the possibility to print and photocopy throughout the fleet of a MFP managed by the **Gespape** solution.

The CR10 advantages for the user

- ✓ A full “self-service” operation of the copy and print service.
- ✓ An intuitive and ergonomic touchscreen that allows the display of the user credit and prices.
- ✓ Reloading of accounts by using coins and/or banknotes.
- ✓ Full “self-service” account creation.
- ✓ Quick identification by card or via the ergonomic virtual keyboard.
- ✓ Amount for free reloading with graduated tariff.

The CR10 advantages for the administrator

- ✓ An autonomous copy and print service without staff requirement.
- ✓ From the Gespage interface of the server, price setting of account reloading with degressive tariffs available.
- ✓ Reliable and rugged system.
- ✓ Viewing of sales statistics from the touchscreen.
- ✓ Detailed statistics such as: turnover over a period and total, amounts reloaded on accounts, number of banknotes collected ...
- ✓ Interface and home screen customizable to the image of the service provider.

Example of use

The **Cartadis CR10STD** is especially suitable for a use in schools, public or university libraries. Students reload their account from the equipment and use this credit on all the copiers of the different sites of the establishment.

The screenshot shows the 'Recharge account' interface. At the top, the CRIO logo is on the left and the current balance '9960.00' with a piggy bank icon is on the right. Below the balance, there are two main sections: 'Recharge prices' on the left and 'Credited (unités)' and 'Inserted amount (€)' on the right. The 'Recharge prices' section lists various denominations and their corresponding unit counts. The 'Credited' section shows '70.00' units, and the 'Inserted amount' section shows '5.00' €. A green 'Validate the recharge' button is centered below these sections. At the bottom, there are three boxes: 'Insert coins or bills' (orange), 'Accepted bills' (listing €5.00, €10.00, and €20.00), and 'Accepted coins' (listing €2.00, €1.00, €0.50, €0.20, €0.10, €0.05, €0.02, and €0.01).

Recharge prices	
€0.10	1.00 unités
€0.50	6.00 unités
€2.00	25.00 unités
€5.00	70.00 unités
€10.00	150.00 unités

Credited (unités)	Inserted amount (€)
70.00	5.00

Validate the recharge

Accepted bills	Accepted coins
€5.00 €10.00 €20.00	€2.00 €1.00 €0.50 €0.20 €0.10 €0.05 €0.02 €0.01

Insert coins or bills
