

## Monitoring software of payment terminals

### More services

Featuring an attractive design and ease of use, **WashAdmin** software provides a direct monitoring of your carwash station. Whether you are on your station or on holiday, monitoring your station is available. **WashAdmin** analyses and values in-field data to get an optimized efficiency. This Web gateway is compatible with PC, Mac, Tablet and Smartphone.

### WashAdmin functions

- ✓ Sending of data collected via Cartadis payment terminals.
- ✓ Compare data between terminals and sites.
- ✓ Follow the evolution of current alarms.
- ✓ Remote setting of the payment terminal.
- ✓ Update the software of the payment terminal.
- ✓ Perform automatic reports.
- ✓ Inform on the weather of your different sites.

## An optimized efficiency

By connecting your terminal to **WashAdmin**, you can:

- ✓ Be notified by e-mail of failures.
- ✓ View attendance decreases.
- ✓ View and compare the evolution of your turnover.
- ✓ Access to your video-surveillance.
- ✓ Follow the average basket.
- ✓ Follow the use rate of the various programmes.
- ✓ View the filling of the cash box.
- ✓ Compare your various stations.
- ✓ View the service quality.
