

cBot

A KIOSK TO PAY PRINT, COPY AND SCAN

The cBot is an autonomous kiosk solution to pay in self-service print, copy, and scan. It is simple to use and compatible with almost all Multi-Function Printer!

PAY PER USE

Guests don't need to create an account, to use copy, print USB and scan services.

PROVIDE CHANGE

Give users change from a self-replenishing change module. overflow coins drop to a secure lock box.

ACCEPT BANK CARDS

cBot works with Nayax, bank card terminal. An easy solution to set up and manage your account.

CREATE ACCOUNT AND ADD CREDIT

cBot can create a user account and add credit. It works with Gespage and other print management solution with a connector.

MOBILE PRINTING

With user account, the users can print directly from their own mobile, tablet or PC through an application or web interface.

SMALL AND EASY TO INSTALL

Thanks to its small size (H: 910 mm - 35,8 in W: 325 mm - 12,8 in), cBot is easy to install.

Each cBOT is built to order and can be configured as the site demands.

cBOT comes with the following great features as standard.
