

CPAD

**Touch screen terminal for access control
and management of printers and MFPs**

The **cPad** is an external network terminal, fitted with a touch screen, intended to print job release from any peripheral. Copies, prints and scans are recorded and uploaded to **GESPAGE**.

Key functions

- ✓ Print2me: secured and available printing from any point of print.
- ✓ User friendly authentication by code, Login/password on the touch screen or by optional contactless, magnetic or bar code cards.
- ✓ A personalized interface for the user authenticated (Credit / Quota, Pending prints, Billing job ...).
- ✓ A single interface whatever the peripheral.
- ✓ A friendly selection of the documents to print.
- ✓ Multi-brand compatibility (copiers, multifunction and network printers).
