

# CR10

Creation and reload of Gespage accounts  
for the payment of copies and prints

Credit card option

The CR10STD system is an optional equipment of the Gespage solution, it is connected to the server via a TCP/IP network. It enables GESPAGE user accounts to be both created and reloaded.

In a Gespage environment, registered users can reload their account **by coin and/or banknote and/or contactless bank card through the Nayax reader** according to the model.

Users are identified by passing a contactless or an ISO magnetic card according to the integrated reader, or by entering a Login / Password from the touchscreen.

This account gives the user the possibility to print and photocopy throughout the fleet of a MFP managed by the **Gespage** solution.

## The CR10 advantages for the user

- ✓ A full **“self-service”** operation of the copy and print service.
- ✓ An intuitive and ergonomic touchscreen that allows the display of the user credit and prices.
- ✓ Reloading of accounts by using coins and/or banknotes and/or credit cards.
- ✓ Quick identification by card or via the ergonomic virtual keyboard.
- ✓ Amount for free reloading with graduated tariff.

## The CR10 advantages for the administrator

- ✓ An autonomous copy and print service without staff requirement.
- ✓ From the Gespage interface of the server, price setting of account reloading with degressive tariffs available.
- ✓ Reliable and rugged system.
- ✓ Viewing of sales statistics from the touchscreen.
- ✓ Detailed statistics such as: turnover over a period and total, amounts reloaded on accounts, number of banknotes collected ...
- ✓ Interface and home screen customizable to the image of the service provider.

## Example of use

The **Cartadis CR10STD** is especially suitable for a use in schools, public or university libraries. Students reload their account from the equipment and use this credit on all the copiers of the different sites of the establishment.

The screenshot shows the 'Recharge account' interface. At the top, the CRIO logo is on the left and the title 'Recharge account' is in the center. Below the title, a balance of 9960.00 is displayed with a piggy bank icon. A table titled 'Recharge prices' lists various denominations and their corresponding unit values. To the right, two boxes show 'Credited (unités)' as 70.00 and 'Inserted amount (€)' as 5.00. A green button labeled 'Validate the recharge' is positioned below these boxes. At the bottom, there are three sections: 'Insert coins or bills' (orange button), 'Accepted bills' (listing €5.00, €10.00, and €20.00), and 'Accepted coins' (listing €2.00, €1.00, €0.50, €0.20, €0.10, €0.05, €0.02, and €0.01).

Recharge prices	
€0.10	- 1.00 unités
€0.50	- 6.00 unités
€2.00	- 25.00 unités
€5.00	- 70.00 unités
€10.00	- 150.00 unités

Credited (unités)	Inserted amount (€)
70.00	5.00

Accepted bills	Accepted coins
€5.00 €10.00 €20.00	€2.00 €1.00 €0.50 €0.20 €0.10 €0.05 €0.02 €0.01

## Technical specifications

- ✓ Optional card reader:
  - Contactless
  - ISO magnetic.
- ✓ 7-inch touchscreen, resolution 800\*480, 16 million colours.
- ✓ Housing in 2 mm thick plate, closed by a 3 point-lock.
